welcomes  
Exhibitors, Members  
& Guests to our

**49<sup>th</sup> ANNUAL  
MIXED MEDIA  
EXHIBITION**

On behalf of our committee, we welcome you to Riversdale Arts 49th mixed media exhibition, we hope you enjoy viewing the diverse mixed media artworks from around New Zealand and from our talented local artists. Enormous thanks to the committee, volunteers and community for their hours of work setting up our impressive display of art again this year.

We are excited to have Tanith Norton of Christchurch as guest artist this year. Over several years Tanith has collected an outstanding amount of curious treasures to create beautiful but intriguing mixed media artworks. Every completed artwork is an emotional journey for her, she places a piece of herself into each one, so in the end it's a little part of her to share with you. Take the time to observe her attention to detail and the story that it tells.

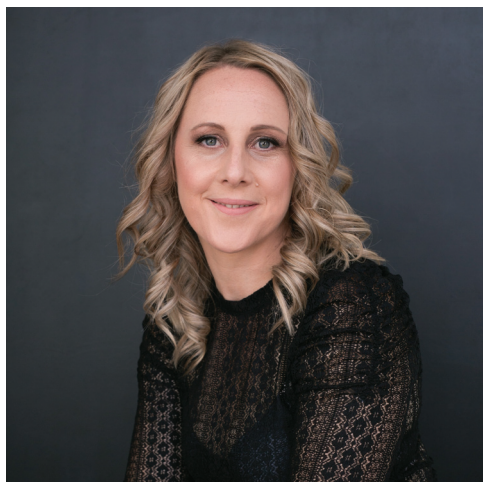

Browse the gift shop for a special something for yourself or a friend and relax with a coffee and snack at the Yum Cafe, there you will see displayed the local districts pre-schools and primary school students art, our up and coming artists in the community.

The art rooms are in full use this weekend and the next, with classes teaching the very popular wire sculpture, creative pictures, earring making, floral wreaths, macramé and watercolour cardmaking, several of these classes are a half day course to ensure there is plenty of time to look around the exhibition as well. You are welcome to have a look in what is happening at the classes at our art centre.

We hope you enjoy your experience and the opportunity to purchase or view the artworks from artist all over New Zealand – meeting new people or catching up with old friends, a first time or regular visitor, we look forward to you visiting again.

## Tanith Norton MIXED MEDIA

Tanith Norton is a Christchurch artist that started on her journey to find her individual art medium over 20 years ago. She believes everyone should find their own path, and that is what she has been doing. Her art has been the result of a life changing moment, where she had the choice to stay with the status quo or be true to her authentic self. The reclamation series is about Tanith reclaiming herself at the same time she is reclaiming each and every treasure that she uses to create her art pieces. In this ever changing, uncertain and complicated world Tanith seeks solace in beautiful cherished treasures from her past that she rearranges and reclaims to give them a new meaning. Honouring the past while moving forward to the future.

## MOUNT MICHAEL

CENTRAL OTAGO

Riversdale Arts Gala opening night this year features wines by Mount Michael, expertly crafted by Pip Clarke, award winning winemaker who was born/brought up in this area.

A born and bred Southlander, Pip Clarke moved north to Auckland after graduating from the University of Otago. After trying her hand at a few different careers, she fell into the winemaking industry. A love of the job quickly led to a Post Graduate Diploma in Wine Science and vintages in Oregon, Australia, Alsace, as well as Central Otago.

After a five-year winemaking stint across the ditch, Pip finally made it back home to become Mount Michael Wines winemaker just in time for the 2020 vintage. With her love of aromatic whites coming a narrow second to her love of Pinot Noir, she is in the perfect place to continue to explore and expand her winemaking knowledge.

Working with the Mount Michael Wines vineyard and other top-quality growers across the region has allowed Pip access to some of the finest fruit grown in Central Otago. A win at the New Zealand International Wine Show for Champion Pinot Gris in 2020 is a clear reflection of this and her remarkable talents.

Pip loves all that Central Otago offers and is excited to continue making beautifully drinkable and top-quality wines that are the total expression of their stunning location.

Riversdale Arts are delighted to bringing a taste of Mount Michael to our Gala Opening. Mount Michael wines will be served on the night and can be ordered for home delivery.
